

**REMARKS/ARGUMENTS**

Reconsideration of this application in light of the above amendments and following comments is courteously solicited.

Applicant submits for the Examiner's approval an amendment to independent claim 74 wherein the claim is now drawn solely to the current Species 1 election. As per Examiner suggestion, the term "screwed" within the claim has been amended to the term "mounted." Thus, independent claim 74 is now solely directed to the elected species.

As per the telephone interview conducted with the Examiner on January 13, 2010, the restriction requirement between Species 1 and Species 2 has been withdrawn. In accordance with MPEP 809.02(a), Species 1 readable upon claims 74-80 and Species 2 readable upon claims 81 and 82 will be examined.

Accordingly, in light of the above comments and amendments Applicant respectfully submits that elected claims 74-82 are in condition for allowance and non-elected claims 83-103, which depend directly or indirectly from claims 74-82, are also in condition for allowance.

An earnest and thorough attempt has been made by the undersigned to resolve the outstanding issues in this case and place same in condition for allowance. If the Examiner has any questions or feels that a telephone or personal interview would be helpful in resolving any outstanding issues which remain in this application after consideration of this amendment, the Examiner is courteously invited to telephone the undersigned and the same would be gratefully appreciated.

Applicant believes that no fees are required in connection with this case; however if any fees are required, it is respectfully requested that they be charged to Deposit Account No. 02-0184.

Respectfully submitted,
